

```
#include<stdio.h>
int main()
{
    int num;
    int sum=0;
    do
    {
        printf("enter the number");
        scanf("%d",&num);
        sum=sum+num;
    }while(num!=0);
    printf("sum of all the numbers=%d",sum);
    return 0;
}
```
